

PUT THE BRAKES ON!

Cheap parts do not pay...
Fit **OE** every day

Avoid accidents by fitting **OE** for a safe, controlled stop

Cheap Parts

- Are prone to rust quickly, due to the cheaper metals commonly used
- Not likely to be under warranty
- Universal parts; one part fits all
- Brake warning light will make a speedy return
- Give your business a bad reputation
- Cheap & potentially dangerous

OE Parts

- Specially coated for a longer life & improved wear resistance
- Thousands of part numbers with a coverage of over 98% of cars & LCV's
- Will include warranty
- Decreased noise, supreme comfort & extreme performance
- 100% customer satisfaction
- Competitive prices to suit all budgets

Huge stocks of quality assured parts for reliable, safe braking solutions
