H8935MG/1 Bradbury Fixed or Mobile Scissor Lift

The Bradbury H8935MG/1 is our newest addition! An electro-hydraulic mobile, short-rise scissor lift with a 3.5t capacity. This lift features mechanical synchronisation through cross-bars, sturdy scissor construction for high directional stability and tear plate ramps for easy drive on.

The double hydraulic system with two cylinders under each scissor system means no compressed air and no safety ratchet needed!

- Platform Length: 1420mm - 2050mm
- Distance Between Platforms: 900mm
- Platform Width: 525mm
- 16 Seconds lifting/lowering time
- 2.2KW Pump unit
- Working Height: 995mm + rubber pads
- Minimum Height: 105mm
- Maximum Height: 995mm
- Mobile kit and rubber blocks included
- 1 Phase – 20a Isolator Required

2 YEAR WARRANTY*

H2411/3G Bradbury 4 Tonne 2 Post Lift

The Bradbury H241G series is a good quality, 4-tonne, electro-hydraulic lift with an overhead gantry, leaving the floor completely clear – ideal for moving transmission jacks or oil drainers under the suspended vehicle.

Available as an option is a high gantry extension kit (H2411/3HGEXTENSION), making the lift suitable for taller vehicles in addition to cars and vans up to MWB.

Available in both 1 Phase or 3 Phase, this is a great choice for most workshops!

- 4 tonne lifting capacity
- 95mm minimum height
- 1980mm lifting height
- Baseless with overhead gantry
- Electro-hydraulic operation
- 2415 - 2665mm drive through width
- 50 seconds lifting / lowering time
- 600mm/1250mm arm length min-max
- 3kW motor size
- 3 phase or 1 phase

Available with High Gantry Extension Kit

NEW velomount™ 3280 + velospin™ 8380P

velomount 3280 Tyre Changer

The velomount 3280 is a super-duty, high-performance tyre changer with 10" to 28" clamping via Centre-Post. The Centre-Post design eliminates any external clamping of the rim, instead securing the rim via cone and shaft arrangement, similar to a wheel balancer.

velospin 8380P Fully Automatic 3D Wheel Balancer with pneumatic clamping

A top of the line wheel balancer, which handles rims up to 30" diameter and guarantees speed, accuracy, and long life. 3D data entry is complimented by an impressive, full-colour TFT display and pneumatic clamping device, which removes the need for a manual locking handle and provides even better balancing accuracy through perfect centering on the cone.

Dama HDM4200 - 2 Post Lift

A hugely popular lift with a 4.2T lifting capacity & flexible 3 stage arms, giving excellent coverage for cars, vans & 4x4s. This lift is ideal for good level floors and has a small drive over frame between the posts.

Features

- 4.2T Capacity
- Small drive over floor frame
- Electro-hydraulic operation
- Electronic locking system
- Twin cylinder & chain system
- 3 Stage symmetric arms
- Low pick-up height 115mm
- Available in single & 3 phase
- 2 Year warranty
- Includes 4 x 65mm pad extensions

2 YEAR WARRANTY

HDM 4200
£2695.00
£14.62pw (5 yrs)

Dama HDM4200N Narrow 2 Post Lift

Based on the successful HDM4200 4.2t 2 post, this narrow version is ideal to fit into small bays, narrow spaces or to replace older smaller lifts. With an outside of post measurement of only 3050mm it is one of the narrowest on the market, but retains the 4T lifting capacity. The adapted arm configuration includes 2 x double and 2 x triple extensions for maximum flexibility.

Features

- 4.2T Capacity
- Small drive over floor frame
- Electro-hydraulic operation
- Electronic locking system
- Twin cylinder & chain system
- Shorter double & triple stage arms
- Available in single or 3 phase
- 2 Year warranty
- Includes 4 x 65mm pad extensions

2 YEAR WARRANTY

NEW NARROW FOOTPRINT ONLY 3050mm

£16.24pw (5 yrs)

Dama HDM4000H 2 Post Lift

A service lift with base frame ideal for a substantially level but poor quality floor, the base frame gives strength and structure to the installation and enables the lift to have a lifting capacity of 4 tonnes.

Features

- 4T Capacity
- Electro-hydraulic operation
- Electromagnetic lowering valve
- Electromagnetic safety lock
- Low pick-up pads
- Three-stage long arms
- Extension pads included (4 x 80mm)
- 2 Year warranty

2 YEAR WARRANTY

HDM4000H

X-431 EURO TAB III

Technicians can now get their hands on a newly developed, high-end vehicle diagnostic tool, the Launch X-431 Euro Tab III, featuring the new Smartlink® C VCI, an advanced module allowing for enhanced communication and functions.

Using the Android 9.0 operating system, Euro Tab III builds on the highly regarded Launch diagnostic technology, offering worldwide vehicle coverage, powerful diagnostics and numerous special functions.

The Euro TAB 111 includes 39 special reset and service functions, it also features the Launch CarSet Electronic and Smart professional databases, seamlessly integrated into the ultimate version of Launch diagnostic software. Advanced coding and online programming are also features.

The SmartLink VCI communicates directly with a vehicle for local diagnostics, and via the Internet using the Launch Super Remote Diagnostic (SRD) platform. This allows a technician to connect remotely with our service provider, who will be able to communicate directly with the vehicle and carry out almost any programming or diagnostic task.

The Euro Tab III includes the Launch professional database fully integrated into the diagnostic software. This will take the user directly from the DTC to a step-by-step testing routine, leading to the fault code solution. The new Tab III comes complete with the Launch O2-1 four-channel oscilloscope, as well as the Launch TSGUN and four TPMS sensors.

EURO TAB III FEATURES

- Intelligent diagnostics for 100+ car brands
- Topology mapping provides visual checking on DTCs and all systems' communication status
- Supports the following automotive communication protocols and standards: CAN / CANFD / DoIP / J2534 / D-PDU / RP1210
- Optional ADAS calibration function
- Advanced coding and programming function
- Diagnoses light, medium & heavy duty vehicles with Smartlink® C
- Wireless software update
- Built-in repair information and training video modules help to track and fix issues fast
- Two-year Launch UK warranty

BLUETECH FEATURES

- 
Flight Recorder
 Perfect for a one-man road test. Select your parameters, hit "Record" and review when back in the workshop. With Its 4 GB internal storage capability, enjoy even more space to record all the data you need.
- 
360° Multi-Colour Indicator
 Lets you check the status of the VCI at any time from any angle or position.
- 
Universal
 VCI can be used for cars, light commercial vehicles, trucks, buses, coaches & trailers.
- 
Battery Voltage Monitor
 Don't let a dead vehicle battery stop you working.
- 
WiFi & Bluetooth Connectivity to PC
 Wireless communication providing freedom to work anywhere in the workshop, whilst maintaining a seamless connection to the vehicle.
- 
Integrated DoLP
 No need of any DoLP adaptor cable. With Its built-in functionality, the VCI can be plugged directly on DoLP communicating vehicles.
- 
Pass-Thru Support
 Quick and easy access to OEM flash-programming services.
- 
CAN FD Channels
 Future-proof design to make the diagnostic possible on vehicles requiring this data-communication protocol.

SECURITY GATEWAY: WHAT IS IT?

Certain vehicle manufacturers have implemented a secure gateway module to **protect critical ECUs**, this means the access to some diagnostic functions is restricted and requires registration and **authentication** through an **approved service**.

The DS Software grants access to the protected functions and full diagnostic capability on Alfa, Audi, Cupra, Fiat, Iveco (additional charge), Jeep, Mercedes, Seat, Skoda, Smart, Volkswagen, Volvo currently.

MAXI TPMS
MX900TSC
£825 excl. VAT

The MX900TSC provides you with superior capability of TPMS health checking, sensor programming, TPMS relearn, as well as all system diagnostics and special service functions. It combines the software of the MX900C and ITS600 tools, giving you the ability to program our 433MHz MX sensors and our new gen. bluetooth MX sensors.

Its diagnostic software tool supports ABS, SRS, SAS, BMS, DPF, EPB, Oil Service and TPMS sensor programming functionality, as well as read and clear diagnostic functions for over 70+ manufacturers. A fast go-to tool for undertaking many service functions, it is light weight, has an RockChip Quad Core processor, and is very portable. The MX900TSC is equipped with a 8-inch touch screen with 1024 x 600 resolution and a bluetooth VCI mini for wireless communication with the vehicle. An up-to-date software subscription is required to access DoIP and CAN-FD systems.

2 Years Updates

**Future 12 months Update
£299 excl. VAT**

An up-to-date software subscription is required to access DoIP and CAN-FD systems.

SGW 12 MONTH
£360 excl. VAT
(SAP CODE 900011825)

- 12 Months Unlimited FCA
- 12 Months Unlimited Nissan
- 12 Months Unlimited Mercedes Benz
- 40 Tokens for Renault (12month shelf life)

Renewal **REQUIRED** every 12 months

MULTI-PACK

The Software Gateway Multi-Pack is our best value way to purchase manufacturer secure gateways. With just one purchase you will get 12 months UNLIMITED ACCESS to the FCA, Nissan and Mercedes Benz secure gateways.

You will also receive 40 tokens for the Renault gateway valid from 12 months of purchase. If all Renault tokens are used in that 12 month period, then its possible to purchase extra Renault tokens separately.

Note: you can only access the secure gateways if you also have a valid software update subscription with your Autel diagnostic tool.

MAXISYS
906SPROEU
£1,695 excl. VAT

5YR LEASE £9.00pw

2 Years Updates

The brand new MaxiSYS MS906SPRO EU edition, is our replacement the MS908s. Despite being a lower cost then the MS908s, the MS906SPRO EU has all the software functionality of the MS908S, but also has the extra benefits on being DoIP and CAN-FD compatible! The MS906SPROEU also has some more advanced software functionality that will allow end user to access Autel remote expert (operational Q422). The MS906SPROEU can be further optimised with our ADAS software, making a true replacement for the MS908s.

The MS906SPROEU is excellent for busy workshop tool, or technician, that requires superior coverage and capability, but at a very affordable price that isn't offered by our competitors. It will perform thousands of functions and with new updates being released weekly, we ensure your advanced MaxiSYS is 'best in class'.

- Android 10 OS
- Fast Qualcomm Octa-Core 2.3G + 4*A53 1.7G processor
- Huge 128GB internal memory
- 3 x Ultra fast Wi-Fi connectivity
- 8" 1920 x 1200 high-resolution touch-screen
- 5 MP front camera and 16 MP rear camera
- 11,600mAh Lithium-Polymer Battery
- MaxiVCI V200 wireless Bluetooth vehicle communication interface
- DoIP and CAN-FD compatible.

THINKCAR

THINKCAR

THINKCAR UK: EMPOWERING TECHNICIANS WITH “A TOOL FOR EVERY BUDGET”

THINKCAR UK IS CHANGING THE FACE OF DIAGNOSTICS, AND IS PUTTING MORE POWERFUL TOOLS IN THE HANDS OF EVEN MORE MECHANICS, WHILE HELPING THEM NAVIGATE THE MOST COMPLEX PROBLEMS THROUGH ITS UNIQUE REMOTE DIAGNOSTICS OFFERING.

“Thinkcar UK is at the forefront of the diagnostic equipment industry,” said Alex Gillbanks, Managing Director of Impact Diagnostics, the specialist supplier behind Thinkcar UK, “offering a variety of specialised tools, as well as our new remote offering.”

Highlights from the Thinkcar UK range include the Thinktool Euro Master Lite 8 inch scantool, a compact pro-level scan tool. Then there is the Thinkcar Max, Thinkcar X10S, Thinkcar X5, Euro Master X and many more. The company also offers a unique remote diagnostics solution, as well as a wide array of EV tools including the Master CE EVD, a dedicated EV diagnostic tool. This is complemented by the Bolt-On EV Kit, which greatly expands the ability to diagnose batteries and components whilst they are off the car. Other tools in the range include the EVC 201, an EV high-voltage insulation tester and the Thinkcar EVP 802 Battery Pack Equaliser Balancer. For charging, there is the Thinkcar EVP 902 Battery Charger, and for lifting batteries the Thinkcar EVP501.

On the ADAS front, the company offers the foldable Thinkcar UK ADAS Mobile, which comes with all the relevant accessories, and includes targets for a wide range of manufacturers.

The company has been providing the technical back-up for a number of tool providers for some years now. “Thinkcar UK might be a relatively new name to the UK market,” said Alex, “but it has been making white label tools for other brands for some time, and the kit shares DNA with some of the more established brands in the UK.”

This is combined with the support coming from Impact Diagnostics. “When you buy Thinkcar UK equipment, you will also get stellar back-up from an established company, which means full support and access to our wider offering.

This is augmented by Thinkcar UK’s pioneering new remote offering, through which an ecosystem of Thinkcar workshops

support each other with access to vehicle manufacturer level diagnostics, including live guidance.

All garages in the Thinkcar UK network share their diagnostic knowledge. Workshops looking for support can send queries to all the other businesses in the network or to a specific garage. Thinkcar’s remote diagnostic solution extends across many of its devices, including the Thinkcar Max, Thinkcar X10S, Thinkcar X5, and the Euro Master X.

To access technical support, technicians just tap ‘remote diagnosis’ on their device. Text, images and diagnostic reports can be exchanged throughout. With the Thinktool X10S and X5, video and voice guidance can be offered as well. “The Thinktool X10S and X5 serve as the ultimate ‘phone a friend’ diagnostic system,” said Alex. “They fully embody Thinkcar’s philosophy of quick, easy, and efficient diagnostics and repairs.”

For garages sharing their knowledge within the network, it also becomes a handy additional revenue scheme: “Users agree a suitable fee for the service,” said Alex, “so it’s a win-win for everyone, and we’re seeing a lot of uptake.”

That’s not all though. Thanks to Thinkcar UK’s ongoing collaboration with YouTube channel Mechanic Mindset, Thinkcar UK customers automatically receive a three month free subscription to the new Mechanic Mindset training app.

“We have a tool for every budget and with Thinkcar UK’s remote programming services, no vehicle repair is beyond the capabilities of an independent garage,” said Alex. “Our aim is to empower technicians to profitably service the needs of today’s car parc.”

For further information about Thinkcar remote diagnostics and to view the complete Thinkcar range click here: <https://www.thinkcar.uk/>

80062000 - Gear Belt Installation/Removal Tool - Eco Boost **£339.00**

• Special tool to aid in the removal & installation of gear belts where a torque multiplier is required.

Contents:

- Torque Multiplier 1/2" Sq Drive Input, 3/4" drive Output
- Securing bracket & fixings
- Supplied in a storage case with foam

Applications:

- Ford EcoBoost

12741300 - Hydraulic Hub Puller - 3 Leg

- The Sykes Pickavant Hub Puller range comprises of a wide variety of puller types, all using interchangeable components - whether Hydraulic, Impact or Mechanical. All parts can be used in more than one format, providing flexible pulling options and good value for money.
- Can be used on a variety of wheel stud pattern applications - 4, 5, 6 stud hubs, with a pitch circle up to 203mm
- Can be used in 3, 4 or 5 leg combinations*
- 1500 Series hydraulic ram included for smooth, progressive application of up to 8 tonnes of force
- Supplied in steel storage case
- Can be used with a slide hammer for greater impact force or 12731100 mechanical force screw

Specifications:

- Leg reach: 160 mm
- Spread capacity: 100 - 180 mm
- Stud hole diameter: 18mm
- Puller plate thread: 1 1/2" BSW
- Impact screw / hydraulic ram thread: 1 1/2" BSW

*Extra legs required for 4 & 5 leg combinations - 12741000

£179.95

30047500 - Wireless Electronic Stethoscope Kit – ChassisEAR **£569.00**

- The Wireless Electronic Stethoscope is designed for the detection of vehicle noises e.g. rattles, squeaks and air ingress under load, during a road test and for the diagnosis of a wide variety of potential faults e.g. wheel bearings, CV joints, differentials, transmission, injectors, alternators, water pumps, AC compressors and many more.
- Can be used on cars, vans, trucks, buses etc as there are no cable length issues to overcome
- Consists of Receiver Unit, 4 x Transmitter Units (4 channels), 4 pick-up leads, pick-up fixing straps, headphones, batteries, instruction manual & storage case.
- Pick-up clamps can be attached to many different parts of the vehicle in order to amplify the sounds made under load and in actual driving conditions.
- N.B. Due care and consideration should be taken of driving conditions and regulations when operating the Chassisear on the road.

£569.00

GO1474 - Induction Heater 'Light' 3.5kw

• Induction heating is a non-contact method that can be used to heat metals. The induction heater creates an alternating magnetic field that generates induced currents within the material. It is these induced currents that generate heat. The absence of open flames makes work easier, while ensuring safety and economic savings at the same time.

Heat inductors are ideal for a wide range of applications such as:

- Unlocking and replacing pins or bearings
- Suspension, shock absorber & muffler removal
- Bending
- Crankshaft straightening
- Unlocking bolts/nuts

Technical data:

- Voltage 230V/1PH - 50/60
- Frequency level 15 - 30khz
- 2m of electrical cable
- Input power 3.5 KW - 16 A, IEC60309 electrical connection
- Duty cycle 5 min* (*± 5% ambient temperature maximum power)
- 1 litre tank capacity with liquid cooling system
- Hydraulic heat exchanger with fan

CHARGER AND BATTERY SUPPORT

PORTABLE EV CHARGER

NEW

Super Pro EV Charge

Ref: 080676

- Portable charging solution for EV and plug-in Hybrid vehicles (PHEV)
- Move the charger to the car, not the car to the charger
- No need for costly fixed point installations, just connect to any 240v or 400v socket (three phase)
- Ideal for garage workshops, car dealerships, body shops & car sales sites
- Flexible - can be used anywhere in the workshop or even the car park
- Supplied with a 5m charging cable fitted with a Type 2 plug & both 3pin 240v and 32Amp Three phase cables

List Price: £899

SPECIAL OFFER PRICE: £ 799

3 IN 1 SMART CHARGER/BATTERY SUPPORT UNIT/ SHOWROOM CHARGER

GYSFLASH 30.12 PL

Ref: 026070

- Charges all 12v battery types including EFB and AGM Stop/Start **plus Lithium(LiFePO₄)**
- Safe to charge without disconnecting battery from vehicle
- Built in protection for vehicle electronics (short circuit, polarity reversal & anti-spark)
- Suitable for cars, vans and LCV's (max 375Ah)
- Provides 30Amps power when performing diagnostic testing
- Showroom mode for supporting demo vehicles
- Supplied with clamps

List Price: £ 278

SPECIAL OFFER PRICE: £ 239

3 IN 1 SMART STARTER/SMART CHARGER/ BATTERY SUPPORT UNIT

DIAG-STARTIUM 60.24

Ref: 025592

- Smart starter – detects short circuits & deeply discharged batteries & will prevent a potentially damaging start
- Charges all 12v/24v battery types including EFB and AGM Stop/Start
- Safe to charge without disconnecting battery from vehicle
- Built in protection for vehicle electronics (short circuit, polarity reversal)
- Suitable for starting/charging cars, vans, LCV and HGV's (max 525Ah)
- Provides up to 60Amps battery support when performing diagnostic testing
- Supplied with 2.3m cables and insulated clamps

List Price: £899

SPECIAL OFFER PRICE: £ 799

HEAVY DUTY BOOSTER PACK 12V

GYSPACK 800

Ref: 072107

- Suitable for starting cars and vans
- Powerful 2500Amps peak and 1320Amps cranking cc
- Rugged spiral cell AGM batteries inside
- Smart charger allows safe, permanent connection to mains so always fully charged
- Can also be charged on the move via a cigarette lighter cable
- Reverse polarity buzzer & protection for vehicle electronics
- Display screen shows internal battery state of charge
- Has 1.8m cables for easy connection

List Price: £479

SPECIAL OFFER PRICE: £ 429

WELDING & CAR BODY

200AMP INVERTER MIG WELDER READY TO WELD PACK

MULTIWELD 200

Ref: U66595

- 200Amp Inverter MIG welder (gas or no-gas)
- Ideal for workshop use (up to 10mm thickness)
- Suitable for welding steel, stainless & aluminium
- Easy set up Smart control panel
- Inductance control to reduce spatter
- Powerful 4 wheel wire feed motor ensures consistent feed
- Delivered complete with Euro torch, Argon/CO₂ regulator, MIG wire, welding gauntlets and welding helmet

List Price: £1,051

SPECIAL OFFER PRICE: £ 749

CAR BODY PLASTIC REPAIR KIT

AUTOMOTIVE PLASTICS REPAIR KIT

Ref: 052932

- Plastic brazing kit suitable for repairing most popular automotive plastics (PE, PP, PUR, PP-TEEE)
- Reinforced wire mesh is melted into the repair area and plastic "filler" added to cover
- Ideal for use on bumpers, fairings, spoilers etc.
- Why replace when it can be repaired
- Kit contents as per photo
- Extra plastic filler rods available as a pack of 10 (ref: 052956)

List Price: £152

SPECIAL OFFER PRICE: £ 139

INDUCTION HEATING

3700WATT INDUCTION HEATER TROLLEY DEAL PACK

POWERDUCTION 37LG

Ref: U20226

- 240volt, 3700Watt Induction heater suitable for automotive workshops.
- Designed to release seized bolts & metallic components
- Safe, Fast, flameless heat – heats M10 nut in 1 second
- No damage to surrounding objects (wiring looms, rubber bushes, carpets etc.)
- Cheaper to run & faster than Oxy Acetylene/Oxy Propane.
- Many automotive applications for releasing seized components including: Manifold studs, Track rod ends, Suspension bolts, Exhaust clamps, Wheel nuts
- Delivered complete with Cable hanger, Trolley, Inductor and Liquid Coolant

List Price: £3,624

SPECIAL OFFER PRICE: £ 2,799

1200WATT INDUCTION HEATER KIT

POWERDUCTION 10R

Ref: 068643

- Designed to release seized bolts & metallic components in seconds
- Fast flameless heat – heats M10 nut < 10 sec
- No damage to surrounding objects (wiring looms, rubber bushes, carpets etc.)
- Fast change coil lock/unlock system
- Supplied with 5 different heating coils
- 240volt, 1200Watt output
- Many automotive applications for releasing seized components including: Brake pipe nuts, Bleed nipples, Track rod ends, Exhaust clamps, Wheel nuts

List Price: £649

SPECIAL OFFER PRICE: £ 549

SERENCO

Locking Wheel Nut Remover Kit Version 2

- Universal coverage of nearly all wheel nuts/bolts
- Larger selection of blades and attachments for greater cost effectiveness
- Improved steel guard protection ring for greater user safety
- Disposable Peak Drive C-Blades also available individually

PULSATING BRAKE BLEEDER 12-VOLT + MAINS INCLUDING ADAPTOR SET

Time-Saving Brake Maintenance

The Pulsating Brake Bleeder streamlines brake fluid changes and system cleaning. It monitors pressure, recovers used fluid, and separates moisture for optimal results.

Adaptable to Various Vehicles

Includes multiple adaptors, making it compatible with a wide range of brake systems and applications.

Pulsating Action for Deep Cleaning

The adjustable pulse fluid change feature ensures thorough fluid replacement and pipeline cleaning, removing contaminants for enhanced brake performance.

M12 FUEL™ INSIDER™ PASS-THROUGH RATCHET WITH SOCKETS - BARE TOOL

- With up to 81 Nm of max torque and 350 rpm's, this tool offers the perfect combination of power and speed
- Features the lowest-profile head for best-in-class access in confined spaces
- The extended neck allows users better access in hard-to-reach places
- Pass-through sockets up to a size of 15 mm allow users to comfortably fasten and unfasten nuts on bolts of any length
- Includes sockets from 8 mm to 19 mm as well as 21 mm
- The included 1/4" and 3/8" anvil adapters and 1/4" Hex bit holder makes it the most versatile ratcheting solution
- Variable speed metal trigger provides ultimate control of the tool
- Premium rubber overmold withstands corrosive materials and provides increased comfort when in use
- The dual LED lights illuminate the work area while the on-board fuel gauge displays remaining run time

MILWAUKEE M18 HIGH TORQUE 1/2" IMPACT WRENCH WITH 2X 5 AMP BATTERIES

- M18 FUEL™ Impact Wrench
- POWERSTATE™ brushless motor
- 2x 18v 5Ah REDLITHIUM™ batteries
- Fast multi voltage charger
- 4 Mode DRIVE CONTROL™ with bolt removal mode
- Fastening torque 1354Nm | Nutbusting torque 1898Nm
- Bolt removal mode, maximum nut busting torque breaking fasteners free
- 1/2" Square drive anvil with friction ring
- Bright LED job light
- Premium rubber overmould increases comfort and corrosion protection
- REDLINK PLUS™ advanced digital overload, enhancing productivity, performance and protection under load
- REDLITHIUM™ batteries - Superior construction electronics and fade free performance
- Milwaukee hard carry case
- Weight 2.6kgs

MWM18FHIWF12-502X
£374.95

MILWAUKEE AUTOMOTIVE POWER PACK INCLUDES 1/2" HI-TORQUE & 3/8" STUBBY IMPACT WRENCH WITH 4 BATTERIES, CHARGER AND CASE

- M18 Hi-Torque Baseline Impact Gun with 1898Nm of nut busting torque and 1354Nm of fastening torque as above.
- M12 Stubby 3/8" Impact Gun with 339Nm maximum torque in a super compact size of only 121.9mm length.
- Brushless POWERSTATE™ motor delivers more power in a more compact size.
- REDLINK PLUS™ Intelligence system delivers advanced digital overload protection for tool and battery, and uniquely enhances the tool performance.
- REDLITHIUM™ ION battery pack provides superior pack construction, electronics and fade free performance to deliver more run time and more work over pack life.
- Includes 2x M18 5Ah, 1x M12 6Ah, 1x M12 2Ah batteries & M12/M18 charger
