

Jayar Car Parts' new Spalding branch takes network to 50

3 August 2026 (Maidstone, Kent) – Jayar Car Parts is delighted to announce the opening of its newest branch in Spalding. Located at Enterprise Way in Pinchbeck, the two-unit site marks a significant milestone for the family-run independent motor factor, expanding the Jayar network to 50 sites and 72 overall with the addition of Independent Motor Factors branches.

Spalding Branch Manager, Yasin 'Yas' Tasci, brings passion and motor factoring experience to Jayar's latest branch. That said, at 27, he is one of Jayar's youngest branch managers.

Yas has a strong work ethic, a keen desire to learn and extensive technical knowledge. As a manager, he is dedicated to delivering excellent customer service and takes pride in his work.

Ahead of the launch, Yas said: "Opening this branch has been a chance to put my own standards into practice. It's meant plenty of early starts, late finishes and being hands-on every step of the way. I don't believe in cutting corners; if something is worth doing, it's worth doing properly. I want this branch to stand out through exceptional service, attention to detail and high standards."

The Spalding branch features a highly trained and motivated team, including experienced warehouse staff, delivery drivers with thorough route knowledge, and versatile team members skilled in both technical and customer-facing roles. This dynamic team is ready to hit the ground running; providing local garages and retail customers with the quality products and support they need.

Customers can expect a welcoming environment, expert advice, and a comprehensive range of parts, with the branch's layout and retail area designed to the highest specifications and with the customer in mind.

Prior to opening, the branch hosted a welcome event, offering garages an opportunity to tour the new facilities and meet the team. Furthermore, to mark Jayar's half-century of branches – in its 50th year of supplying the automotive aftermarket – Spalding will host a trade evening for garages and suppliers on 3 September.

The free event, taking place between 6pm and 10pm, will create a face-to-face environment for all cogs of the supply chain to network and strengthen relationships.

Jayar Car Parts General Manager, Tom Curtis, said: “This is a significant moment in the history of Jayar Car Parts. Following the continued network expansion, alongside the acquisition of Independent Motor Factors, we have now reached half a century of branches.

“This is the result of a tremendous amount of hard and productive work, energy, and enthusiasm from everyone connected with the Jayar family. Every single employee has contributed to this milestone, and we couldn’t be prouder of everyone involved. We are enormously grateful for everyone’s efforts, and we look forward to continuing the rollout of new branches with more to come in 2026.”

On Spalding, Tom added: “Yas’s track record speaks for itself; he has recruited a team growing in cohesion and unity, and I am confident their unique skillsets will prove to be hugely beneficial for both garages and suppliers.”
